Tawaw East: 2335 30 Ave NE

Little Wonders is an 8-week early literacy, music, and play program for children ages 0-5 and their caregivers. Each week explores a developmental theme through songs, stories, interactive activities, and creative crafts that support early language, learning, and whole-child development. The program creates a warm and engaging space where children and caregivers can connect while nurturing spiritual, social, emotional, and developmental well-being through traditional ways of learning and being together. Open to 14 families.

Please note: Filming & taking pictures is not permitted during program.

Pre-registration required by September 21, 2026.
