

HOME VISITS

In-home parenting and child development support that is led by culture.

- Are you an Indigenous parent with a child under 6 years of age, or an expecting parent?
- Would you like gentle support with parenting and your child's development?
- Do you wish to be connected or re-connected with culture, Elders or knowledge keepers, ceremony, stories and teachings?

If you are willing to try this journey with us, we are offering to meet you in your house or culturally safe place chosen by you. Through respectful relationships, we can together establish the importance of building a strong relationship with your child through the Indigenous lens. You can participate in this program for as long as you need or want to.
