Courage to Grow

Mentorship program for Indigenous children ages 7–11

REGISTRATION ONGOING

Tawaw Early Intervention is proud to introduce ***Courage to Grow, a mentorship program for Indigenous children ages 7–11*** *who could benefit from extra connection, encouragement, and individualized support.*

Through consistent one-on-one mentorship, hands-on activities, and cultural connection, children explore their strengths and build skills for managing big feelings, developing relationships, navigating routines, and making decisions. Together, children and their mentor set meaningful goals that support confidence, learning, and growing independence.

Pre-registration is required.
